We are creative, dynamic and driven by a passion for what we do. We have extensive industry knowledge and professional experience and we rely on a strong relationship with local suppliers who we select for their quality and reliability, thus guaranteeing you good value and professional destination management services that you can count on.

LAVISH DINNERS AT THE WATER'S EDGE

SOME OF OUR EXCITING ACTIVITIES

Battle in the Mediterranean Sea

This activity is amongst the most popular with incentive groups. The day promises to bring together individual efforts in order to attempt to win the battle as a team. Each gullet will be equipped with the necessary materials to fight the battle.

Besides having a fully animated and entertaining day, the group will also witness the picturesque harbours within The Maltese Islands.

Fun Cocktail Challenge

This takes place at a venue right by the water's edge known for its chill-out music that can be enjoyed all day long. The seating area and pool deck have unobstructed panoramic views of the blue Mediterranean Sea, a stunning background to refreshing cocktails, chill-out music and a buzzing atmosphere. A cocktail expert will at first give a short talk about the history of cocktails and the secret of mixing the right ingredients, then it is up to the teams to create the most original and enticing cocktail.
