

FOLLOWING THE FOOT STEPS OF CAVE EXPLORER

Experience darkness and silence, and learn about the rich biodiversity of the karst underground outside of the bounds of tourist tunnels and discover the most beautiful part of Postojna Cave. The highlight will be your encounter with a dragon baby – the human fish in its natural habitat.

With your caving boots on, equipped with a rope, a head torch and a helmet, you will head to the hidden tunnels of the most attractive cave in the world and the largest tourist cave in Europe. Experience the wonderland in the most authentic way by touring parts of the cave that remain closed to regular cave tours. Wearing caving boots and over suits, fitted with a rope, a headlamp and a helmet, you will venture into mysterious cave depths accompanied by experienced guides.
