

THE LONGEST ZIPLINE IN EUROPE

Zipline adventure is for everyone who would like to have active experience in the unspoiled nature. The park is located in the Sava River Valley, it is a part of nature reserve, protected under the Natura 2000. Activity offers a memorable opportunity to explore alpine nature and enjoy the unique sport activity. The total length of the zipline is 4 kilometers and it is divided into seven steel wires of length between 350 to 700 meters that will take you from one aerial platform edge to another. Zipline Dolinka combines biking through the alpine valley of the Sava River on the edge of the Triglav National Park and memorable descents on seven steel wires between Lake Bled and Vrba village.
