

ROWING WITH OLYMPIC MEDALLISTS

The Olympic Rowing Workshop takes place in the Olympic Rowing Center, Bled, under the supervision of the actual Olympic medalist Jani Klemencic. First of all, we start with indoor rowing training where the groups have to work together to get the best result – a team building component is present here. The second part of the workshop takes place on the lake, where the teams of 6 or 8 take part in an actual rowing competition – with real Olympic 8 people rowing boat. A visit to the island of Bled can be included in the workshop.
