PORTUGAL: TRUST & TRANSPARENCY

1. Test, test, test

- to find as many new cases as possible, identify and break chains of contagion
- to treat everyone (locals and visitors)
- to plan the response of the national health service

We are one of the countries that does more tests (in % of population)

- ✓ +1.1 million tests, 10% of the population already tested
- ✓ ranked 6th in Europe
- ✓ only 3.67% of positive results

Tests per 1 million inhabitants

“Those who test, find”
Portugal has complied with international health authorities advice and has an objective: testing to find, act responsibly and Increase knowledge of group immunity, essential to contain a second wave of the outbreak.

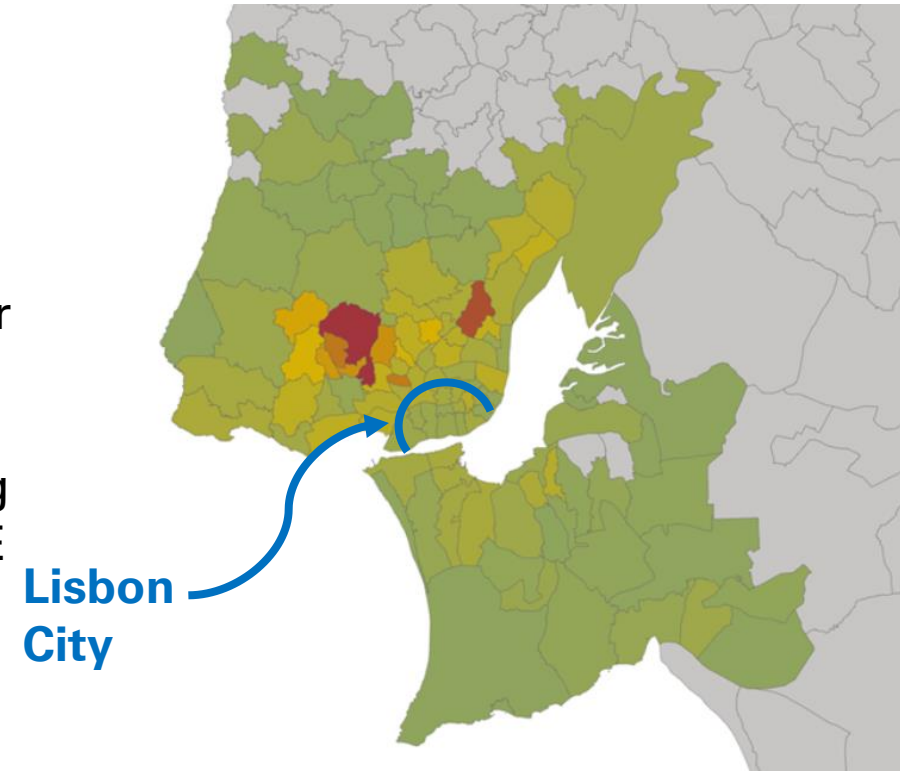

2. Apply measures when and where necessary the ENTIRE COUNTRY, thanks to a responsible attitude from all, has the Virus under control. Although, some areas within the periphery of the metropolitan region of Lisbon have seen an increase in the rate of infections; therefore, some restrictions are in effect **EXCLUSIVELY** for the metropolitan area of Lisbon:

- shops close at 20:00
- meetings are limited to 10 people
- alcoholic beverages cannot be sold in petrol stations, service areas, or in public outdoor spaces
- all remaining facilities are 100% operational (shops, restaurants, museums, etc)

There are no restrictions to freedom of movement or trade in any other area

GREATER LISBON

77% of new cases are concentrated in the greater Lisbon area
AND
only in a few neighbouring areas, all residential NONE touristic

3. TRANSPARENCY – provide CLEAR information

Health Authorities share daily information about the evolution of the pandemic and appeals for everyone's committed and responsible behaviour

- > Occupancy rate for intensive care in hospitals is below critical and far from full capacity
- > National Health Service will treat and care everyone (nationals and visitors alike)
- > Current figures have decreased.
